A CLEAN TOT

It is never too young to be environmentally friendly. Two-year-old Perrynia Christanus took part in the 21st

International Coastal Cleanup (ICC) at Teluk Kemang beach in Port Dickson, Negeri Sembilan, on Sunday. The event was organised jointly by the Port Dickson Municipal Council, The Body Shop and Coca-Cola Malaysia.

The annual ICC is one of the largest volunteer events around the world for marine environment causes. Last year, 450,000 volunteers around the world removed 3.6 million kg of debris from 30,000km of coastline in 74 countries.
